

The chart displays the percentage of occupied rooms (red) and empty rooms (grey) over a 20-year period. The Y-axis represents the percentage from 0% to 100% in 10% increments. The X-axis shows the years from 2000/01 to 2019/20, with each year labeled with its corresponding season (Summer, Fall, Winter, Spring). The data shows a steady increase in occupancy over time, with the percentage of occupied rooms rising from approximately 70% in 2000/01 to nearly 100% by 2014/15, where it remains stable through 2019/20.
