The chart displays the percentage of occupied and empty rooms over a 20-year period. The Y-axis represents the percentage from 0% to 100% in 10% increments. The X-axis shows the years from 2000/01 to 2019/20, with each year divided into Summer, Fall, Winter, and Spring. The legend indicates that dark red represents 'Occupied' rooms and light gray represents 'Empty' rooms.

University of California, San Diego Survey of Parking Space Occupancy Levels
Medical Center Hillcrest: Loading Parking Spaces
Average Weekday Demand at Peak: Percentages

The chart displays the occupancy status of rooms over a 20-year period. The y-axis represents the number of rooms, ranging from 0 to 12. The x-axis represents the semester, with labels for Summer and Fall for each year from 2000/01 to 2019/20. The legend indicates that cyan bars represent 'Occupied' rooms and grey bars represent 'Empty' rooms.

The data shows a general trend of increasing occupancy over time, with a significant peak in occupancy during the 2013/14 and 2014/15 semesters, where the number of occupied rooms reached 11. The number of empty rooms also increased during these periods, reaching 11 in 2013/14 and 2014/15. The occupancy status remained relatively stable from 2015/16 to 2019/20, with 10 occupied rooms and 10 empty rooms.
